

News From The Water Committee Chair

By Steve Knauf

I want to thank the CEHA Executive Board for their vote confirming me as Chair of the Water Committee. For those who do not know me, I have been a Sanitarian working for local health departments since 1985, primarily in Eastern Connecticut. I am looking forward to working with everyone who is interested in protecting one of our most vital natural resources, water. One of my goals is to have myself and the committee be as accessible as possible for members and non-members. The CEHA website will be used to keep everyone notified of what we are working on. If you have a topic you want us to consider, research, or even if you wonder *whatever happened to....????* please contact me. I can be reached the following ways;
